Freiheit – Handbuch für den Tiger in dir

HANDBUCH FÜR DEN TIGER IN DIR

Tiger, zieh den Schafspelz aus!
Rundherum steigt das Chaos. Darum hungern immer mehr Menschen nach einem freien und selbstbestimmten Leben. "Freiheit" erklärt die Muster der Unterdrückung und die Methoden, wie wir uns davon befreien.

»Fakten hören nicht auf zu existieren, nur weil sie ignoriert werden.«

Wettermodifikationen (Chemtrails) werden als "Klimawandel" verkauft

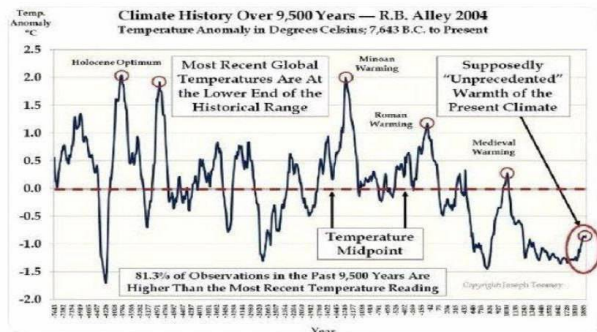

Jonas Danner
@MrJonasDanner

In den letzten 9.500 Jahre war es fast immer wärmer als jetzt.

Der kleine Aufwärtstrend ganz rechts ist das, was sie uns als Klimakrise verkaufen wollen.

Die Mär vom menschengemachten Klimawandel ist der größte Betrug aller Zeiten.

Artificial Weather

While most weather-modification efforts rely on the existence of certain preexisting conditions, it may be possible to produce some weather effects artificially, regardless of preexisting conditions. For instance, virtual weather could be created by influencing the weather information received by an end user. Their perception of parameter values or images from global or local meteorological information systems would differ from reality. This difference in perception would lead the end user to make degraded operational decisions.

block optical sensors or could adjust to become impermeable to other surveillance methods. They could also provide an atmospheric electrical potential difference, which otherwise might not exist, to achieve precisely aimed and timed lightning strikes. Even if power levels achieved were insufficient to be an effective strike weapon, the potential for psychological operations in many situations could be fantastic.

modify the weather. The number of specific intervention methodologies is limited only by the imagination, but with few exceptions they involve infusing either energy or chemicals into the meteorological process in the right way, at the right place and time. The intervention could be designed to modify the weather in a number of ways, such as influencing clouds and precipitation, storm intensity, climate, space, or fog.

THE 1952 LYNMOUTH FLOOD DISASTER

Home · History & Heritage · The 1952 Lynmouth Flood Disaster

Source: visitlyntonandlynmouth.com

ON FRIDAY 15 AUGUST 1952, THE TINY VILLAGE OF LYNMOUTH SUFFERED WHAT COULD BE DESCRIBED AS THE WORST RIVER FLOOD IN ENGLISH HISTORY.

On the day itself, just over 9 inches (230mm) of rain fell, 6 inches (150mm) of which fell in a few short hours in the afternoon/early evening. Add in the 6 inches (150mm) of rain that had already fallen in the first two weeks of August, then it is no surprise that the top of Exmoor was unable to absorb the rainfall and was totally overwhelmed.
